

Many individuals and families in our community are in need, existing day to day without the resources necessary to obtain many of the things most of us take for granted – food, clothing, housing, healthcare, just to name a few.

These may be people who may slip through the cracks; unable to get the critical help they need through traditional methods. Maybe they don't qualify for assistance from social service agencies for any number of reasons; or just don't know where to turn for help.

The Spano Foundation exists to provide essential support directly to needy individuals and families, and to the local institutions that serve them through financial assistance that will allow people to achieve a better quality of life.

We believe ...

- Every person deserves to live a healthy, sustainable life.
- That our passion for helping people in need will benefit the entire community.
- That fulfilling our mission must be done with the highest degree of integrity, honesty and transparency possible.
- That by empowering people in need they will achieve a better life.

Positively Affecting Lives

 *Anthony V. Spano*
FOUNDATION
HELPING PEOPLE IN NEED

The Anthony V. Spano Foundation is a 501(c)(3) nonprofit organization and fiscal sponsor whose mission is to positively affect the lives of individuals and/or families in need by providing a healthier, sustainable quality of life and by helping individuals/groups with their philanthropic passions by turning them into an impactful mission.

Foundation Objectives

- Addressing a timely community need or opportunity not being addressed by other agencies.
- Expanding a proven program or project.
- Increasing cooperation and coordination among program providers.
- Strengthening the internal capacity of an organization to be more self-sufficient or efficient.
- Providing resources that will provide an immediate and substantial impact.
- Fiscal sponsor of funds and programs.

Why Support the Foundation?

There is an overwhelming need to help people in our community who have few, if any, options to find assistance in attaining the life's basic needs. The Spano Foundation exists to ensure these needs are met.

Often, organizations that serve the basic needs of members of the community are themselves in need of financial assistance. They may be underfunded through a lack of donations or grants. The Spano Foundation provides these nonprofits with support so they can continue to fulfill their missions of assisting those in direct need.

Providing people in need with the resources necessary to realize a more sustainable life.

We help lead your business to success by following our 5 Guiding Principles:

Financial Sponsorship

As a Fiscal Sponsor, we take the discomfort and time out of starting a new 501(c)(3) entity – starting your own can take up to 18 months to receive approval. We get you set up and operating in a short period of time – this is the power of Fiscal Sponsorship.

For those who have done work in the non-profit area in the past, or have experience with various non-profit structures, we differ from those by the way our structure is.
